THE SPIRITUAL BIG BANG: THE TRUE THEORY OF EVERYTHING

Createspace, United States, 2015. Paperback. Book Condition: New. Large Print. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****. This is the Occam s razor (Scientific principle: All things being equal, the simplest explanation tends to be the correct one) of explanations of how the universe was created. It describes my research in easy-to-read language. Also unveiled is a coexisting phenomenon and the most important scientific/religious discovery of the 21st century, how God consciousness has a quantum connection to human consciousness via our subconscious mind, giving humanity direct access to the data bank of all preexisting potential of knowledge. This will greatly increase your ability to achieve your goals and bring more joy and prosperity into your life. This is a huge game changer! 1000 of the worlds most wealthy persons were interviewed and asked to what they attributed their enormous success. In every case, they made it perfectly clear that it was their subconscious mind. It was also mentioned that one day someone would discover the science associated with this phenomenon. Well guess what? You are about to be present at the unveiling. Thus far, the science hierarchy has supplied us with theories that are totally incompatible with the belief that the universe has its origin connected to a creative force. Their contradictions come as a result of their atheistic/agnostic beliefs and the fact that their consciousness has not shifted to this type of perception of the universe. It is the time in our consciousness evolution to make a changing of the guard. We need a new paradigm, a practical application that people can make sense of and find valuable in their daily lives.
