By United States. National Weather Service.

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 50 pages. Original publisher: Bohemia, NY : U. S. Dept. of Commerce, National Oceanic and Atmospheric Administration, National Weather Service, Eastern Region, 1998 OCLC Number: (OCoLC)60821333 Subject: Weather forecasting -- New England -- Evaluation. Excerpt: . . .

Recommendation II-4: HPC should explore whether a more complete guidance package is needed for all types of winter weather in the 6-60 hour time range. SUMMARY OF COORDINATION AND DISSEMINATION Finding III-1: QPFs are normally issued for 24-hour periods once per day by the Weather Forecast Offices ( WFOs ) in the NERFC forecast area. During this event, the NERFC requested additional QPFs from the WFOs with up to 36-hour durations. This greatly enhanced the operations of the RFC. Recommendation III-1: RFCs should coordinate with WFOs for more frequent updates of QPF, and extension of the QPF duration during significant flood events. Finding III-2: NWSFO GYX included elected officials in the coordination process. In particular, U. S. Senators and Representatives and the Governor of Maine were briefed as often as possible. This helped speed the process of getting Maine declared a federal disaster area. Recommendation III-2: Other NWS offices should...
