Last Post Press, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.This early work by Charles Houston Goudiss and Alberta Moorhouse Goudiss was originally published in 1918 and we are now republishing it as part of our WWI Centenary Series. Foods That Will Win the War and How to Cook Them is an excellent work on a variety of meals and food stuffs that help to reduce wastage during wartime. Food will win the war, and the nation whose food resources are best conserved will be the victor. This is the truth that our government is trying to drive home to every man, woman and child in America. We have always been happy in the fact that ours was the richest nation in the world, possessing unlimited supplies of food, fuel, energy and ability; but rich as these resources are they will not meet the present food shortage unless every family and every individual enthusiastically co-operates in the national saving campaign as outlined by the United States Food Administration. The regulations prescribed for this saving campaign are simple and easy of application. Our government does not ask us to give up three square meals a day-nor even one. All it asks is that we substitute as far as possible corn and other cereals for wheat, reduce a little our meat consumption and save sugar and fats by careful utilization of these products. This book is part of the World War One Centenary series; creating, collating and reprinting new and old works of poetry, fiction, autobiography and analysis. The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars, offering new perspectives on this tragic yet fascinating period of human history....
