Relationships become stronger. Perspectives on life change. Inner strengths are found. For the past twenty years, Stephen Joseph has worked with survivors of trauma and sufferers of posttraumatic stress. In this groundbreaking book, he boldly challenges the notion that trauma and its aftermath devastate and destroy the lives. His studies have shown that a wide range of traumatic events - from illness, separation, assault and bereavement to accidents, natural disasters and terrorism - can act as catalysts for positive change, strengthening relationships, changing one's perspective and revealing inner strengths.
