## OCEANS: THE THREATS TO OUR SEAS AND WHAT YOU CAN DO TO TURN THE TIDE (MEDIA TIE-IN)

The Perseus Books Group. Paperback. Book Condition: new. BRAND NEW, Oceans: The Threats to Our Seas and What You Can Do to Turn the Tide (Media tie-in), Participant Media, Jon Bowermaster, This unique tie-in to the major motion picture Oceans-coming this April from Disney & National Geographic-explores the health of our oceans, and what we can do to improve it. More than 75 percent of the globe is covered by the oceans. It is sometimes difficult to understand why it is called Planet Earth rather than Planet Ocean. Since half the world's human population lives within a stone's throw of an ocean coastline, the oceans' health is increasingly important. Rich with resources and potential-as a source of renewable energy, new drugs, drinking water-for years we have treated them as both infinite and undamageable. But they are not. Over-fishing, climate change, pollution, acidification, and more have put the world's oceans and marine life at great risk. Oceans gathers some of the most insightful visionaries, explorers, and ocean lovers- marine biologists, politicians, environmentalists, fishermen, sportsmen, deep divers, and more-in a unique anthology, in which each speaks to a unique aspect of our world's most dimly understood dimension.
