Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Some Problems in the Study of Heredity in Mental Diseases We have been content until quite recently with the loose methods of investigating this important subject, and the fact that insanity occurred in the family in such and such a proportion of our patients was considered enough for our present knowledge. It is usual to see in statistics of insane hospitals a summary of the number of cases in which heredity was a factor, such heredity being merely insanity in the family. We have been aware that certain forms of insanity exhibited more heredity than others. But we have had no accurate knowledge of the nature and type of mental disease in ancestors and immediate families of our patients. We must all plead guilty to our lack of interest in this subject, and we must acknowledge our indebtedness to one outside of our work who has succeeded in arousing our interest and stimulating our endeavors in this field. Prof. Charles B.Davenport, of the Eugenics Section of the American Breeders Association, and in charge of the...
