L.T. Godsmith Press. Paperback. Book Condition: New. Paperback. 104 pages. Dimensions: 11.0in. x 8.5in. x 0.2in. This may well be one of the strangest books you'll want to own. Take a journey back in time to an alternate reality where charmingly creepy characters exist comfortably within crumbling walls, where bugs are beautiful and mystery is around every corner. Each page is full of strange images from the mind of HaggisVitae, the alter ego of artist Julie Miller. Meet Starboy of the Oceans Blue, Tobias Waddlecock and his unreasonably large insect friends, a pair of avian hats who refuse to get along, a supreme whirling dervish master who writes Haiku--to name but a few. Fall down this beautifully illustrated, full-color rabbit hole and find you never want to return. If you love illustrated novels, the charming darkness of Tim Burton, the wit of Edward Gorey, the object lessons of The Brothers Quay, then you might just enjoy this journey into humor, madness, magic, mayhem and a rather large dollop of science-y goodness. Pour a cup of tea and get ready for a very odd adventure. And away we go! ----- you have grabbed an aspect of the fictioneers art, magnified it, and inflected a whole fresh set of art fictions from it. Three practioners of this magus-engineering come to mind: Borges, Nabokov and W. G. Sebald: makers of the has been, might have been and , with the right sidereal conjunctions-- would have been. N. C. Mallory, ArtistWriter This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
