BOOK #1: DIY Shed Plans: Step-by-Step Guide For Beginners With Pictures This book will help to guide you through the easy steps to building your own shed. If you are looking for a home project that you can do in a short period of time and end up with amazing results when it is completed then downloading this book will help to make sure your shed project will go off without a hitch. You do not have to be a carpenter to build this basic shed, by following the steps in this book you will be able to stand back at the end of it and take pride in the finished project. Even if you are someone that considers yourself not good at building things, you will be impressed what you can do just by following this simple guide that will help you to construct your shed. As homeowners we end up collecting all kinds of tools and gadgets to keep our property looking good everything from lawnmowers to snow-blowers and everything in between. So you will obviously need somewhere to store all of your tools and gadgets, so this shed project will be just what you need. Even if you have a garage it can get cluttered up pretty quickly with stuff-until there is no room for your car! BOOK #2: DIY Shed Plans: Build Your Own Shed And Be Proud Of It! Step-by-Step Guide For Beginners With Pictures This is volume two on a series of books that each one will feature a...
