When interest in the best works has been aroused, more detailed study becomes a delight. The materials for such study are indicated quite copiously in the notes at the close of each chapter. Meantime, only what has seemed absolutely necessary in the way of general introduction and elucidation has been offered. In the classical Greek literature, from the Iliad to Moschos s lament for Bion, there is felt a certain unity, for in it is reflected, and idealized, the life of one remarkable people. The Greeks had already taken possession of the shores and islands of the AEgean sea at least three thousand years ago. The Hellenes were the most artistic of races; most sensitive to harmony, whether in form, color, music, or action. In art-forms they are the teachers of all later men. The Hebrew has led the world toward spiritual abstractions, the Roman pointed the way to a stable civic organism, but in joyous unfolding of the individual sensuous life no man, not even the Florentine, has ever rivalled the fifth century Athenian, the typical Greek. It is not easy for us to understand him. Our sense of artistic beauty is but half-developed. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
